

## • ScintLogic Econo Liquid Scintillation Cocktail - Universal

- Wide sample range
- Odourless
- Good efficiency
- Non-toxic
- No loss through polyethylene vials

Scintlogic Econo text - Scintlogic Econo is a recent addition to the LabLogic range of Scintillants. It accepts a wide range of concentrations and ionic strengths. Providing the solution is clear it will be stable. Mixing is rapid and Scintlogic Econo has found applications in Liquid Scintillation Counting.

### • Counting Efficiency

ml of sample/10ml of ScintLogic Econo	% <sup>3</sup> H Efficiency
0.25	42 %
1.0	39 %
2.0	36 %
3.0	33 %

Designed to be an economical, general universal laboratory scintillation cocktail. Good sample capacity acceptance. Accepts dilute alkali solutions but tissue solubilisers require neutralisation.

Non hazardous - no transport documentation required.

Order No.	Description	Qty
LABSC19030	ScintLogic Econo	10 Litres (2x5)
